Programme Outcome:

More than 250 Students from MBA, MCA and all Engineering departments had participated in the Boot Camp and got benefited from all the sessions delivered by the resource person. Though many of them had various innovative ideas, they were unaware of the different canvas templates and the Pitch Deck which were explained in the Boot Camp. Now, they have learnt to prepare the same for their innovative ideas and got awareness and updates on Govt. platforms and facilities which are available for them as young student innovators and budding startup entrepreneurs.

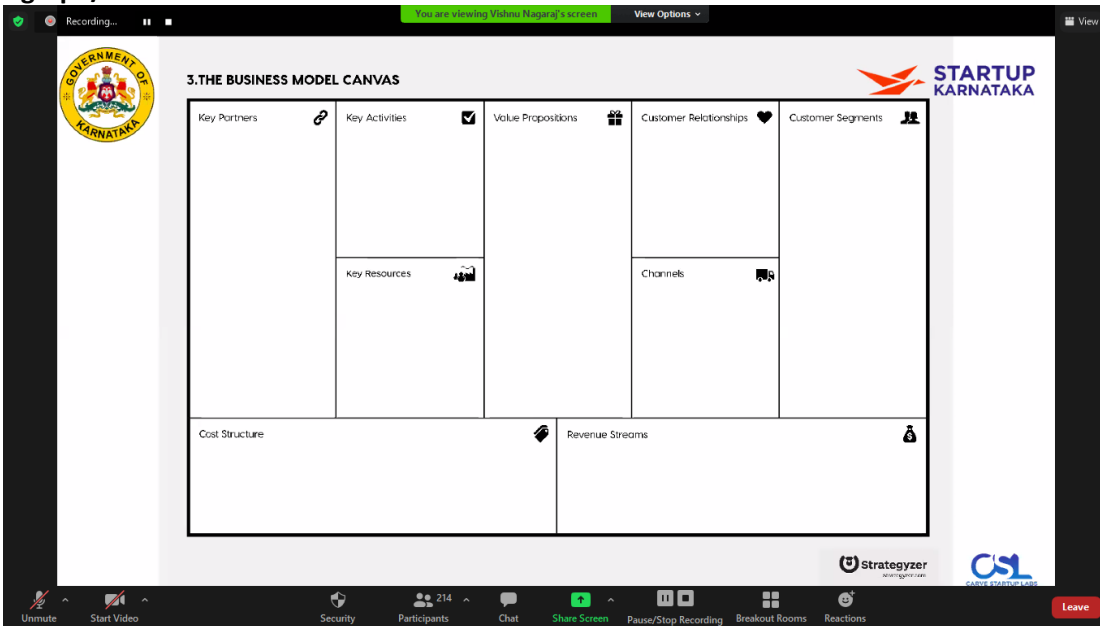

Also, they have learnt many basic things on idea to product conversion, MVP, Customer Segment, Market Research & Survey, product commercialization, Revenue Model etc., Overall this event/activity was very useful and informative for all the student participants. Indeed it was a hands-on eye opening event with full of activities for all young innovators and startup enthusiasts.

These kind of initiatives and activities from the government will help the Higher Educational Institutions to create, nurture and build innovation, startup and entrepreneurial ecosystem and help the students to convert their innovative ideas into viable products, register startups etc.,
