#### Activities Performed:

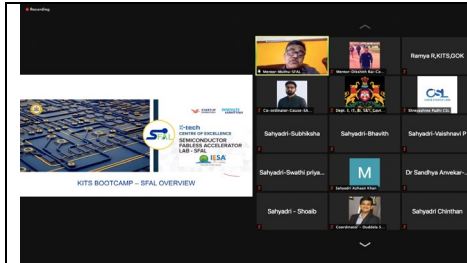

The host of the event, Mr. Vishnu Nagaraj, conducted in 5 sessions with each session being 90 minutes. The host conducted the below sessions with a break of 30 minutes between each session,

- **Ideation:**  
The host explained how to generate an idea, and spoke in length about how to strengthen and incubate the idea to fruition.
- **Understand who is your customer and what they need:**  
The host spoke about the need to defining and understanding the end user, their needs and why they would choose to support your idea in this session.
- **Know your customer:**  
The host spoke in depth about understanding how the customer will probably use the product you are offering and how they would use your product/service.
- **Product:**  
The host explained how to build a product with the help of information from previous sessions. The students were asked to define their product/service in depth where they would explain the features, technology and components required to bring the Idea to fruition. This session also explained why it is important to note down the features that we may find unnecessary or gets rejected in the process of development.
- **Business:**  
In this session, the host explained to the students to identify key partners, key activities of the app or service being offered. He also suggested participants identify their cost structure and revenue streams. The participants were encouraged to identify the channels of distribution for their products and explained the importance of defining their value propositions.

#### Programme Outcome:

The program was a grand success with about 486 of the participants expressing that they would want help in their start up ideation process. This event helped students get a jump start in ideation and

incubating the idea to fruition. The added advantage was the toll kit provided by the host and the subsequent activities assigned by the host for the students, made the students realize the correct steps to be followed while preparing a business plan for their ideas.
