OUR FLAGSHIP EVENTS

COLLABORATION AND COMPETITION

Our flagship events attracted top minds from all over the India. Participants included undergraduate and postgraduate students from premier colleges across the country.

BZZWINGS

Bzzwings is one of India's best B-plan competitions and has a rich legacy with many of its participant start-ups having to be extremely successful. Past winners have quit lucrative jobs, taken up incubation at NSRCEL and there has been no looking back.

BUDDING ENTREPRENEUR PROGRAMME

BEP is a one-of-a-kind program aimed at fostering entrepreneurship talent among participants and providing them with a holistic overview of the start-up ecosystem. The 2-day program provided participants with a unique opportunity to learn and interact with the stalwarts of the entrepreneurship community.

SOCIAL PACT

SocialPact has been envisioned with the idea of bridging the gap between the need for CSR to obtain channels to engage in impactful exposure to a budding pool of NGOs. It provides a platform for Corporates to identify and collaborate with the curated NGOs to make a sustainable social impact.
