Event Overview:

Objective:

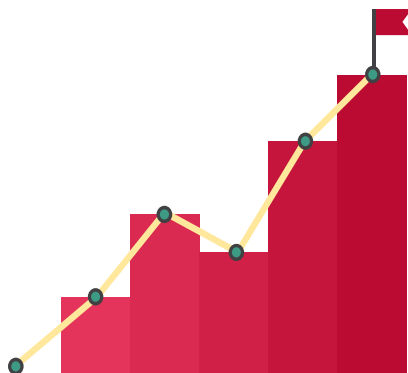

The Department of Electronics, IT, Bt and S&T, Government of Karnataka (GoK), being the nodal Department for Startups in the state, conducted the **'Young Entrepreneurs Programme (YEP)** for school students of BPSC college on 12th September '22, in collaboration with Startup Karnataka and New Age Innovation Network (NAIN) college – Ballari Institute of Technology and Management (BITM). The event witnessed a participation of 109 students.

The programme's motive was to make students independent and self-reliant and expose them to topics on the need for entrepreneurship, thinking about problem statements, product development, and business plan. This event encourages students to be innovative and take their innovation to the market.

The event aimed to develop an Entrepreneurial mindset in students and motivate their interest towards startups by working on simple projects to build a proof of concept (POC) and, finally, a product. The event also emphasized support from the Government of Karnataka and NAIN Centre BITM regarding mentorship and also technical help from our esteemed faculty

Event Outcome:

The event helped students understand the benefits of becoming an entrepreneur and the skills and characteristics required to succeed in their journey. The programme included a case study discussion, examples of success stories, a Q&A session, and a meet and greet with local entrepreneurs and mentors. By the end of the session, all the students were trained to be exceptional problem solvers and motivated to be aspiring entrepreneurs.
